## SKILLS

React | JavaScript | Redux | HTML | CSS | Jest | Python | Node | Express | SQL | PostgreSQL

---

## PROJECTS

### Apollo | Full Stack Developer

[Github](#)

Management software focused on providing leadership with tools to guide the vision and delivery of a team

**React | Redux | JavaScript | Jest | Ant Design | Node | Express | PostgreSQL | Knex**

- Modeled database to efficiently and effectively deliver well-structured data to the front end
- Engineered application state management to be clear, understandable, and organized
- Built reusable Axios API request functions used throughout the application

### [Secret Family Recipes](#) | React Developer

[Github](#)

App for easily writing and organizing family recipes

**React | Redux | JavaScript | Node | HTML | CSS**

- Created the CRUD API calls and handled the updating and displaying the returned data
- Developed the application state using actions, dispatches, and reducers with Redux
- Collaborated remotely on a team of 5 developers to build a fully functional application in a week

### [DevDesk Queue](#) | React Developer

[Github](#)

App made to create and organize help tickets for Lambda School students and team leads

**React | JavaScript | Node | HTML | CSS**

- Developed the login form and added validation
- Organized component routing and local data persistence
- Collaborated remotely on a team of 4 developers to build an application in a week

---

## EXPERIENCE

**Web Development Intern | Sock Club** | Remote - Austin, TX

Nov 2020 - Dec 2020

- Designed and developed new features for a sock design tool
- Collaborated remotely on a small team to plan and build unique new features

**Bartender | Comedy Works South** | Greenwood Village, CO

Sep 2015 - Nov 2018

- Optimized bar area for a single bartender to efficiently handle 100 covers within an hour
- Consistently praised by customers for making high-quality beverages quickly

---

## EDUCATION

**Lambda School** | Remote

Mar 2020 - Oct 2020

**Full Stack Web Development & Computer Science**

- Lambda School is an 8 month accelerated program with an immersive (full-time, 40+ hours/week) hands-on curriculum with a focus on computer science, software engineering, and web development

**Red Rocks Community College** | Lakewood, CO

August 2018 - Dec 2019

**Completed 37 credits towards an Associates of Science | GPA 4.0**

Technical Writing | Calculus 1 | Algebra | Trigonometry | General Chemistry | Organic Chemistry
